

From corner to corner, thoroughly

This bagless vacuum cleaner is built to use less energy and features an effective dust filtering system. Great cleaning performance for a clean home, every single time.

This bagless vacuum cleaner is built to use less energy and features an effective dust filtering system. Great cleaning performance for a clean home, every single time.

Product Benefits & Features

Air-tight and energy-efficient

The LX5 vacuum cleaner has an air-tight design. This minimises the energy required for highly effective cleaning.

- Sliding power control
- Soft wheels
- Parking clip side and back

Filtered for great performance

LX5's 4-step system effectively separates dust particles for powerful cleaning performance. The filters last longer, and the need to replace or clean them is minimised.

More power for longer

The new LX5 design combines longevity with great performance. Vacuum for twice* as long at high performance without having to regularly empty the container.

*Compared with LX5-1 on clogging performance and suction power.

Made with more capacity

The high-capacity dust container can store up to 1.8 litres, so it requires emptying less often. Single button release to carefully dispose your dust in an effortless way.

Large wheels for enhanced stability

The large rotary wheels on the LX5 vacuum cleaner improve stability around the home.

Product Specification

Noise level, dB(A)	80
Suction power, W	210
Max airflow cleaner complete	27
Max nominal wattage motor, W	750/700
Average annual energy consumption, kWh	28
Colour	Tungsten
Cleaner's weight (in kg)	4.5
Other	None
Bagtype/Liter	, None
Dust cassette capacity	1.8
Action Radius	7
Non-integrated accessories	Combination crevice nozzle/brush, Upholstery nozzle
Integrated accessories	None
Dustbag Supplied	None
